**There are two ways to be a part of Young Living. Here are the details:**

## **Customer (Retail)**

A Retail Customer is a member who chooses not to participate in the Young Living® business opportunity and desires only to purchase the products directly from the company for personal consumption. Customers pay full price and have no ordering commitment, though they are required to order every 12 months to maintain an active membership.

## **Distributor (Wholesale)**

Distributors receive a 24% discount (wholesale pricing) and are able to participate in the compensation plan. A distributor is required to sign the Distributor Application/Agreement Form and must order 50 PV (cumulative) every 12 months to remain active. At the time of sign up, a United States distributor is required to purchase one of the following Enrollment Kits:

- **Basic Starter kit:** \$45 and contains our newly re-imagined product and business package, which includes Essential Oil Sample Packets, all-new product and business literature, and other popular product samples. (0 PV) [See images below]
- **Premium Starter Kit with Rose Home diffuser:** \$160 and contains everything included in the Basic Starter kit as well as our Rose Home diffuser and our Premium Essential Oils collection that contains 10 of our most loved oils in 5ml bottles. (100 PV)
- **Premium Starter Kit with Dewdrop diffuser:** \$160 and contains everything included in the Basic Starter kit as well as our Dewdrop diffuser and our Premium Essential Oils collection that contains 10 of our most loved oils in 5ml bottles. (100 PV)

### **Required Tax Info:**

To sign up as a distributor in the United States or Canada, we will need to have your SSN/SIN on file for tax and commission purposes. If you would prefer not to send that information via e-mail you are welcome to contact an operator through our Live Chat option online (an encrypted secure page) or with an operator at 1 (800) 371-3515.

If you are signing up as a retail customer, tax information is not needed.

### **Ordering:**

Orders can also be placed 24 hours a day online, but for your convenience, **we recommend speaking to a live operator for your first order.**

You will need to give the operator some information:

- **Your sponsor's member number is: #87339**
- Your sponsor's name is: Rufina James
- You will be asked whether you want to enroll as a customer or distributor. We recommend signing up as a distributor (whether you want to actually share the products or not), because you will save money by paying the wholesale price. If you are placing a large order, paying wholesale instead of retail will cover the cost of the Starter Kit in the first order.
  - a. If you enroll as a **customer**, you will:
    1. **Pay 24% above** the wholesale price for products.
    2. No minimum purchase required.
  - b. If you enroll as a **distributor**, you will:
    1. Be able to purchase products at the **wholesale price**.
    2. Agree to the Policies and Procedures of the Member Agreement (online).
    3. Need to provide your Social Security number and fill out a tax form for bookkeeping and tax purposes.
    4. Need to purchase a **Starter Kit**. After that there is no minimum monthly purchase requirement unless you are due commissions that month, in which case a minimum purchase of \$50.00 is required. Once you've reached a higher level, a \$100.00 minimum purchase will be needed.

It helps to have the product code information on hand for the products you wish to order. The code numbers are listed on the website and price list, available here: [http://essentialoilworld.com/pdfs/product\\_pricelist.pdf](http://essentialoilworld.com/pdfs/product_pricelist.pdf)

**NOTE:** If you plan on using Young Living products on a regular basis, consider becoming a distributor and signing up for the **Essential Rewards Autoship** plan to receive free shipping. This means that you commit to purchasing at least \$100 worth of products per month. (You can change your products from month to month by simply calling in before your processing date). **Some of the advantages of Autoship are that you will receive FREE shipping and get bonus points, which are redeemable for products.**
