SEED^{TO}SEAL

Young Living introduced Seed to Seal to the world as a symbol of our commitment to providing your family with the best essential oil and oil-infused products in the world. Our Seed to Seal promise ensures that with every targeted supplement, every skin care solution, and every pure essential oil you use, you're enjoying the benefits of our global resources, industry leadership, and decades of innovation. The result? A pristine final product that you know is created with conscientious Sourcing, Science, and Standards.

SOURCING

We source from our corporate-owned farms, as well as partner farms and Seed to Seal-certified suppliers that adhere to our Partnership Principles. This empowers us to source conscientiously with priority on quality, sensitivity to community impact, and mindfulness toward ecosystems. Ultimately, this empowers you to feel fully confident using our products.

SCIENCE

While our product quality starts in the fields, it's proven in the lab with research from our R&D team's 180 years of combined experience. We also test product samples as needed with two independent, respected, and accredited labs. We create our pure, effective formulas to provide your family with products that contain the cleanest and most innovative ingredients available.

STANDARDS

As the leaders of the modern essential oils movement and a close partner with the earth, it's part of our stewardship to do business responsibly—from sustainably sourcing rare botanicals, to uplifting local communities, to going above and beyond to comply with local environmental rules. We choose to partner with sources we know produce pure essential oils and ingredients ethically and legally, setting a top-tier standard for sustainability that you can trust.

SEED TO SEAL

PARTNERSHIP PRINCIPLES

We dedicate significant resources to providing the purest oils possible. Purity starts on the farm, and we proudly source our essential oils from corporate farms, partner farms, and Seed to Seal-certified suppliers. These locations embrace our Seed to Seal Partnership Principles to help ensure the purity of our products at every point in the supply chain. Young Living believes that authenticity matters. As part of your wellness journey, we invite you to discover how pure, authentic essential oils are the core of who we are.

| PRINCIPLE 1 | PRINCIPLE 2 | PRINCIPLE 3 | PRINCIPLE 4 | PRINCIPLE 5 |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>Established Relationships</i> | <i>Seed to Seal Specifications</i> | <i>Binding Agreements</i> | <i>Stringent Testing</i> | <i>Ongoing Audits</i> |
| Our Sourcing and Executive teams have been hand-selecting renowned suppliers of premium botanicals and building relationships with them for decades. We continue to foster and expand these relationships. | All farms—whether a partner farm, Seed to Seal-certified supplier, or our very own corporate farms—sign declarations that they will follow our strict Seed to Seal specifications. | We back up these signed Seed to Seal declarations with legally binding contracts that require our partners to deliver on those declarations. | We have spent millions of dollars on a state-of-the-art lab with cutting-edge testing instruments, as well as a world-class team of researchers. If this team finds that a supplier's product doesn't meet our demanding standards, it never reaches our warehouse. | In addition to its testing, Young Living verifies the quality of our oils via third-party audits of our supply chain. Our intricate global sourcing network is designed to bring our members superior products, and we are proud to have implemented an objective audit process. |

Why insist on these demanding, expensive practices? Because for Young Living, the big picture doesn't have much to do with the bottom line. We're driven to make the world a better place by sharing the benefits of pure essential oils. If we're not bringing families authentic quality, we're not bringing them authentic benefits. Learn more about these benefits at SeedtoSeal.com.

THE D. GARY YOUNG YOUNG LIVINGTM FOUNDATION

Empowering individuals. Defying limitations. Maximizing potential.

The D. Gary Young, Young Living Foundation is committed to empowering individuals to achieve their potential and defy limitations by providing wellness and education opportunities to underserved communities.

We envision a world where children are provided with the resources and opportunities necessary to become confident, self-reliant leaders who can take control of their own health, provide for their families, and positively change their communities.

Since D. Gary Young started the Foundation in 2009, we have focused on unlocking possibilities by providing tools and resources to those whose needs receive far too little attention. Our mission and vision serve as our compass for providing long-term solutions.

REBUILD NEPAL

YOUNG LIVING ACADEMY ECUADOR

HOPE FOR JUSTICE

SOLE HOPE

AFRICAN HEARTS COMMUNITY ORGANIZATION

HEALING FAITH UGANDA

In 2015, major earthquakes in Nepal claimed nearly 9,000 lives and destroyed more than 900,000 homes, tragically leaving millions without a roof over their heads. In Yarsa, a mountain village completely destroyed by the earthquakes, the Foundation is rebuilding 112 homes. We've already rebuilt the primary school and are transforming it into our second Young Living Academy!

The Foundation's flagship project in Chongon, Ecuador, is home to our Sponsor a Child program. Built in 2009 by Young Living Founder and Chairman of the Board D. Gary Young and Co-Founder and CEO Mary Young, the Academy now educates 350 students from grades pre-K through 12, with highly successful outcomes. In fact, while most children in Ecuador drop out of school by the eighth grade, and only 20 percent of local students graduate from high school, the Academy maintains a 97 percent attendance rate, and 100 percent of our seniors have graduated each year!

Hope for Justice's mission is to end human trafficking and modern-day slavery in our generation. The Young Living Foundation is joining the fight by funding the Hope for Justice Shine Career School in Phnom Penh, Cambodia, where girls rescued from sex trafficking can go to school and chase their dreams in nearly whatever career field they choose!

Thousands of children and adults in Uganda are victims of parasitic insects called jiggers. A female jigger will burrow into the feet and may ultimately cause life-threatening infections. Worse still, individuals with jiggers are often ostracized by their own families and communities. Sole Hope offers hope, healthier lives, and freedom from foot-related diseases through education, jobs, and medical relief. One of the organization's primary focuses is to help children and adults become and remain jigger-free.

African Hearts operates a rescue program for children living in the Kisenyi slum, which is considered the biggest slum in Uganda and one of the biggest in all of Africa. The Foundation has doubled the impact of the African Hearts slum rescue program, increasing the frequency of meals provided to the starving children from three days a week to five and expanding the space in their transitional homes, so they can house 40 children—a 200 percent increase.

Healing Faith Uganda provides malaria education, prevention, and treatment to rural villages. In Africa, malaria kills one person every 60 seconds, and it is the leading cause of death on the continent for children under the age of 5. With the new D. Gary Young, Young Living Foundation Malaria Center, this organization will be able to provide 80,000 individuals—nearly 100 a day—with feasible access to malaria treatment.

WHAT ARE ESSENTIAL OILS?

Lovingly harvested from farm-grown and wildcrafted plants, herbs, and trees, essential oils are concentrated plant extracts obtained by careful steam distillation, cold pressing, or resin tapping. These pure essential oils are far more powerful than the botanicals from which they are extracted. We offer hundreds of single oils, blends, and oil-infused products, each containing the optimal levels of specific, naturally occurring constituents to maximize their potency. Whether you use oils for aromatherapy, personal care, or household solutions, every aspect of daily life can benefit from the incorporation of essential oils!

How to Use Essential Oils

AROMATICALLY

Use essential oils aromatically to uplift the spirit.

- Rub 2–3 drops of essential oil between your palms and inhale.
- Add a few drops of essential oil to a bowl of hot water. Cover your head and bowl with a towel. Breathe deeply and slowly.
- Use your favorite essential oils in our diffusers.

TOPICALLY

Many essential oils are safe and beneficial to use directly on the skin.

- Place 2–3 drops of essential oil directly on the desired area and massage in. Repeat as desired. Always follow the label's dilution instructions.

CAUTION: Essential oils are very potent and may be irritating to the skin. If irritation occurs, apply Young Living's V-6 Vegetable Oil Complex or any pure vegetable oil to the area to dilute. Citrus-based oils and blends may cause temporary photosensitivity.

INTERNALLY

When taking essential oils internally, try these tips:

- Place several drops of oil into a gelatin capsule (see page 65) and swallow with water.
- Add 1–2 drops of essential oil to a glass of water, NingXia Red, juice, yogurt, your favorite sweetener of choice, or plant-based milk and swallow.
- Add 1–2 drops of oil (to taste) to meals when cooking.

NOTE: Always consult individual product labels for usage directions.

TIPS AND TRICKS FOR YOUR PERFECT CONTOUR

Don't be intimidated by this professional technique! Put your boldest face forward with a few tips and tricks to help you create your perfect contour.

1

Apply foundation as you normally would to create an even base.

2

Using a contour or blush brush, lightly apply bronzer along your cheekbones from the middle of the cheek to the upper ear.

3

Apply bronzer along your hairline—focusing on the temples—and along your jawline to add shape and dimension. Add definition to your nose by contouring along the sides and tip.

4

Create contrast with foundation in one shade lighter than your regular color or with a highlighter. Apply to the center of your forehead, the undereye areas, the tops of your cheekbones, cupid's bow, and down the center of your nose and chin.

5

Using a clean brush, gently blend in your bronzer and highlights to eliminate any harsh or unnatural lines.

6

Finish the look with a light dusting of blush for a natural flush.
